ANNOUNCEMENT:

RDB Consulting and Hewlett-Packard Receive Merit Award from Society for Technical Communications (STC)

April 4, 2005 – RDB Consulting has received a prestigious award by the Society for Technical Communications (STC) for instructional design and training development work performed for Hewlett-Packard.

RDB Consulting and Hewlett-Packard were recognized by the Dallas chapter of STC with a **MERIT AWARD** for the design and development of the 350-page course training manual, **HP OpenView Select Identity – Using Select Identity to Build Your CIM Solution**. The award-winning entry was evaluated by members of the Seattle STC chapter, whose members are from some of the leading software and high-tech companies in the nation. Because of this, their evaluations reflected the industry's highest standards in technical communications and training.

About RDB Consulting

Every day, companies and employees deal with changes in markets, trends and technologies. RDB Consulting helps you meet these challenges by providing best-in-class performance support solutions for your customers and employees.
